General information

Toronto and Georgian Bay Summer Office Dates

Our Toronto office (416-488-2077) will remain open until mid-June. Our Georgian Bay, Camp Island office will open a few days after. We may experience a day or two without phone or computer communications, but we will respond to emails as soon as we open. Please note that the answering machine in our Toronto office will not be available during the summer. The Toronto office will reopen in late August.

Our summer Georgian Bay office (705-375-5306) will be open mid-June until the end of August. The phone is monitored from 9:30 to 11:30 a.m. and again from 1:45 to 3 p.m. Campers are not permitted to call home and parents should not phone and request to speak with a camper. If there is an emergency, please call and ask for a Director who is always on the island. The best time to call the camp is from 1:45 to 3 p.m

Summer Address

**Camp Hurontario
P.O. Box 251
Mactier, ON P0C 1H0**

Please use this address for all mail. Summer mail service is slow and a week should be allowed for a letter to get to Camp. Please note that emails to campers are not available at camp.

PLEASE NOTE: As all Hurontario staff are on a break during the three-day changeover between the end of July camp and the start of August camp, the camp office will be CLOSED for these 3 days. The office will reopen at 1:30 p.m. the day before August camp opens.

Care packages/Parcels

All parcels sent to campers will be opened at the camp post office. As we have campers with severe allergies, **please do NOT SEND FOOD OR TREATS of any sort.** Letters included with a food parcel risk being lost. The camp is unable to hold or return any food parcels. Food must not be left after parent visits as cabin mates may have allergies of which visiting parents are unaware. Please assist us in this issue of potentially life-threatening importance.

Preparing for camp: a letter from home

To assist the counselling staff in assuring your son an excellent camping experience, a letter which briefly outlines your son's personality and interests is very useful. Our counsellors benefit from these anecdotal accounts of your son's personality, so please write us a short note and send to the Toronto office.

The Camp Store Account

The Camp Store at Hurontario is stocked with stamps, biodegradable toiletries, water bottles, insect repellent, flashlights, batteries, sweatshirts, tackle, etc.

Anything purchased by your son will be billed to his account, along with travelling expenses and trip costs, and you will be invoiced at the end of each session. If a camper requires a trip to Parry Sound for medical or dental care, a \$45 charge to cover costs will be indicated on the camper account. A reasonable Camp Store limit (excluding a fishing spinning outfit, pre-ordered clothing and travel costs) would be \$150.

Pocket Money: there is no need for money at camp, as all purchases made at the Camp Store are billed to the camper's account. Hurontario is not responsible for money brought to Camp.

Lost & Found

Lost and found items are an ongoing problem at camp. The boys simply do not recognize their clothing or are having too much fun while we are trying to find out who owns what item! PLEASE clearly and indelibly mark your son's name on ALL items that come to camp including towels, water bottles, shoes, and sleeping bags. Please order labels from Mabel's Labels online and be amazed at how many items return with your son. Tagged items left at camp, if found, will be taken to the Camp office at 1 Ridge Drive Park, where they may be picked up at any time.

Baggage left at camp

Baggage which has been left behind will be taken to the camp's Toronto address where it will be tarped and left in a secure corner of the backyard for parents to pick up. If an item has been found, it is noted on the camper's invoice, which arrives shortly after your son arrives home.

Valuables

Any valuable personal items such as iPads, video games, watches, etc. will be kept at the camp office. However, the camp recommends such valuables should be left at home. Hurontario is not responsible for the loss of such items.

Baggage Tagging

It is very important that each piece of baggage has a securely attached name tag on it regardless of how a boy is coming to camp. Please use tags which the camp has provided in this mailing (NON-PLASTICIZED) so further Camp information can be added. Also, please tag everything including paddles, fishing gear and life jackets. If you require more tags, they can be purchased at office supply stores.

Lifejackets

Wearing a life jacket is compulsory for all campers and staff during all boating activities. Each camper should have his own clearly identified lifejacket. It is recommended that life jackets fit well and are a bright colour for maximum visibility (yellow, orange or red). Please avoid sending life jackets that are darker blue, green or brown.

Water bottles

Please purchase a Hurontario Nalgene water bottle. Please order Mabel's labels for water bottles – they make excellent stay-on visible custom labels with your son's name. This is very important as all water bottles look alike and printed names do not survive the elements and wear off. We often have as many as 8 water bottles in lost and found at any one time with no names.

Visiting Camp Hurontario

We are always glad to have parents visit Camp Hurontario. Please note that Hurontario is unable to offer visiting days other than those scheduled each year.

Visiting Days

Please see session emails for specific dates; there is usually one visiting day per 3 ½ week session. Parents are welcome to visit camp and we encourage them to do so. Please read the following details carefully as we want to ensure that your visit is both fun and relaxing!

- Due to trip schedules, Hurontario is unable to guarantee that all parents with trip age campers will be able to visit.
- Visitors to camp should bring a picnic (peanut, nut-free) and a bathing suit.
- Visiting time is between 10:30 a.m. and 2:30 p.m. As opening and closing days are very busy, parent visits cannot be accommodated on these days.
- Screening stations will be set up at the Marina and the camp dock for all adults and any siblings who are visiting the camp.
- It is essential that all parents confirm that they will visit and to let us know whether they are arriving at the Marina or by private boat. Please be sure to call the camp office three days ahead of your visit.

To reserve a water taxi: Moose Deer Point Marina operates a water taxi service. The cost is \$10 (plus HST) per adult (one way); \$5 (plus HST) per child under 7 (one way). Running time is 20 minutes. It is always advisable to call and reserve in advance. This reservation can be made by calling 1-705-375-5155. Please be advised that payment for these trips is made in the Marina store before the actual trip into camp.

To ensure a great parent visit

1. Please advise the camp directly on when you plan to visit the camp, otherwise your son may be away on a canoe trip. Please avoid sending messages indirectly through your son.
2. On opening days, it is difficult to take messages referring to upcoming visits.
3. Camp operates on Eastern Daylight Saving Time. Sunday meal hours are 8:30 a.m., 1 p.m., and 5:30 p.m. Please plan arrivals and departures so that they will not conflict with meal hours.
4. When visiting, if you have a large boat, please moor off the camp island and we will pick you up from your boat. Even if you are coming for a visit in your own boat on visitors' day, the Camp needs to know beforehand so that we may arrange to have your son in camp.
5. Parents are asked NOT to bring or send food parcels of any kind since we are not able to accept these at camp. Also, food that arrives on the first day of camp or is left after a parent visits makes it very difficult for the camp to protect any campers with allergies.
6. Please be aware that despite repeated efforts to negotiate otherwise, the marina, which operates the taxi service, will charge young children a fee. Please check with the Marina to see if dogs are permitted on their boats. All dogs must be leashed while at camp.

Clothing and Equipment

Packing for camp:

Please pack all items into a hockey or sports bag (avoid bags with wheels). Sleeping bag, pillows, bulky items should go in the hockey bag. These types of bags are the easiest for us to transport.

Many boys come to Camp with more items than are needed. Camp is a good place to wear old clothes. These should be selected for warm, sunny weather and also with rainy and cool days in mind. Include light-coloured, long-sleeved shirts to repel mosquitoes.

Labelling

PLEASE PUT NAME TAGS ON ALL CLOTHING AND CAMP ITEMS. Mabel's Labels has labels for everything including shoes & water bottles! Be sure to label socks, shoes, underwear, towels, sleeping bags, water bottles, shoes etc. with these excellent labels so that lost & found items can be easily identified and returned to their rightful owners.

Health and Safety

For complete health and safety information please see the website.

When you'll hear from us

For the most part you will not hear from camp's medical team while your child is at camp; however, there are a few situations when one of the camp medical staff may need to contact home during the summer. For this reason, please make sure to provide camp with the most up to date contact information. For further details on communication with our parents concerning health matters please refer to our web site.

Medications

Sending medications to camp: For campers arriving by bus, car or private boat, please give any medications for your son to the Hurontario staff member collecting medications. Please ensure that you have communicated in writing any specific directions, and place this information in a ZipLoc sealed bag (packaging that is secure) along with the medications.

All medications of any type must be clearly labelled with:

- Your child's name
- The physician's name
- The name of the medication
- The required dosage

Allergies

Nut Policy

Children come to Camp with severe or life-threatening allergies, and in particular, allergies to peanuts and tree nuts. To ensure that Camp is a safe environment for all Hurontario campers, Hurontario is designated as "nut aware."

All food served through the kitchen and on out-trips is carefully screened to ensure it does not contain nuts or nut products. No food parcels will be accepted at camp given the risk of the allergies in camp.

If your child has a life-threatening allergy, please send two clearly labelled EpiPens, in a sealed and labelled Ziploc bag. Campers with allergies requiring the wearing of an EpiPen, will wear one EpiPen in a fanny pack, and the counsellor will carry a second. Club Med will have extra EpiPens.

Sun Safety

- Sunscreen will be used at Camp Hurontario for all campers and staff on sunny or cloudy days
- To assist the Camp in its sun protection program, please discuss the importance of using sunscreen with your son.
- Please supply SPF 30 (minimum) for your son. Please be sure the sunscreen also contains DEET to repel mosquitoes.
- Sunscreen will be available at the Camp Store and each counsellor will have a supply.
- Protective clothing, such as Hurontario's baseball hats, plus a lightweight long-sleeved T-shirt will be available to buy at camp.

Call of the Wild - Tripping Adventures

Amazing trips for Intermediate and Senior Campers

Camp Hurontario has always been well known for its excellent, progressive tripping program.

Campers aged 8 to 11 (and some 12-year-olds) will have the opportunity to take trips in the area of Georgian Bay around the camp, primarily in the Massassauga Wildlands Provincial Park, which charges a registration fee for campers and staff entering the Park.

As part of their program while at Hurontario, boys who are twelve and over will take a trip. Some 13-year-old campers may have the opportunity to trip on the Magnetewan River or trip the Camp's Northern Outpost. Senior campers who are 14 will trip either on the Magnetewan River or at the Camp's Northern Outpost Camp in the Chapleau Game Preserve. Some senior campers who are 14 may have the opportunity to take a whitewater trip on the Coulonge River or the Dumoine River depending on the number of 15-year-old trippers. Hurontario provides the most inexpensive northern trips it can, charging extra only for transportation. Payment for trips will be put on the boy's final account.

The following brief outlines of the trips for 12-16 year old campers gives your son a pre-season opportunity to begin to think about what trips he would like to take. Camp Hurontario offers trips in eight different regions of northern Ontario and northern Quebec. On the Final Confirmation form online at CampBrain, intermediate and senior campers should note what trip(s) they would like to take. This will give us an indication of which campers to group together. We will endeavour to offer an excellent trip to all intermediate and senior campers. There is an additional cost for these longer trips to cover the transportation costs.

Please remember, if two friends who are of tripping age wish to be together in a cabin group, make sure that they choose the same trip.

Note: you may receive a phone call from your son while tripping, as access to public pay phones may be available. We discourage this, but wish to let you know so you will not worry should you receive a collect call (and perhaps are not home).

For Campers aged 12 or 13

The Hartley Bay Loop

(5 days, approx. cost \$400 + HST)

Campers trip for 5 or 6 days on the Pickerel River, which is north of Parry Sound off Highway 400. The trip encompasses travel both on the river itself and travel on protected areas of Georgian Bay. The Pickerel River trip travels through beautiful scenic areas dotted with old fishing camps. With

several arms of the river to travel, the Pickerel River offers excellent, safe tripping. This trip is reached after a boat trip and van ride from the camp.

The French River

(5 days, approx. cost \$400 + HST)

Historically famous as part of the trip route which the Coureur de Bois paddled, this trip involves both travel on the French and the interesting Little French River. An excellent trip of five to seven days' length, this trip offers exciting travel on the more unpopulated and lesser travelled upper reaches of the river. This trip involves a boat and van ride to and from camp.

The French-Restoule

(6 days, approx. cost \$500 + HST)

Take a trip back in time and follow this fur-trading route from hundreds of years ago. Starting at Restoule Lake, the trip heads west down the Restoule River where it empties into the French River. Some of the best campsites in Hurontario's tripping catalogue are featured on this route, including the incomparable Five Finger Rapids - always a highlight with the campers on this trip. The fishing is also incredible and there are some fun rapids to swim in and camp beside.

Wanapitei-West Channel

(6 days, Approx. cost \$ 500. + HST)

This trip has been a big hit, with trippers enjoying a fun two days on the Wanapitei River before it merges with the West Channel of the French on its way to northern Georgian Bay. The first rest stop on this trip is an amazing campsite beside a fun set of rapids on the Wanapitei that spills onto the Fingerboards and one of the best sunset campsites around Whitefish Bay. Dallas Rapids is a fun swim spot, and the islands of the French River Provincial Park are an incredible backdrop for this fantastic canoe trip.

For Campers aged 13 or 14

Killarney-Britt Sea kayak Adventure

(9 days, Approx. cost \$ 600 + HST)

Beginning in the shadows of the Lacloche Mountains, campers will paddle Hurontario's fleet of sea kayaks through the incredible landscape of Georgian Bay. Highlights include the beautiful Fox islands, cruising the shoreline and exploring the inlets of Philip Edward Island, checking out the incredible Chicken Islands, and paddling through the Fingerboards in French River Provincial Park. The campsites are unmatched, as is the scenery. The sunsets over the Bustard Islands offer one-of-a-kind photo ops and fishing will no doubt bring some delicious dinners. The trippers eventually head south along the shoreline of Georgian Bay, past Britt and into Naiscoot Inlet, where this unbelievable trip finishes up.

The Magnetewan River

(9 days, approx. cost \$500 + HST)

Several years ago, the Government declared the Magnetewan River Basin a wildlife preserve. As a result, it is ideal for canoe trips. The trip on the Mag offers river and lake travel combined. There are several routes with varying degrees of difficulty. The scenery is spectacular, and the fishing is very good. The trippers paddle home through the 30,000 islands to Camp. In order to reach the Mag, a boat and van ride from the camp are required.

The North Camp

(11 days, approx. \$950 + HST)

Over 50 years ago, Hurontario purchased a fishing camp on Lake Windermere in the Chapleau Game Preserve. From this northern outpost, senior campers experience wonderful tripping adventure on lakes filled with wildlife, great fishing and still untouched by the outside world. The campers travel by boat, then van to Chapleau, and finally by train to Lake Windermere - a trip which takes a full day and in itself is an adventure! At the North Camp, there are many routes from which to choose. The campers and staff discuss their route choices thoroughly before leaving main camp. Senior campers who have taken these trips say they're a highlight of their stay at Camp Hurontario!

We are able to send four trips each month to the North Camp, which is decided by the equipment needs of these trips plus the space available at the North Camp. We will do our best to assure all 14-year-olds a trip out of the North Camp.

Reminder about tripping gear for all campers aged 12-16

To help us ensure that your camper is comfortable on trip please make sure that he has the items on the common packing list (pg. 6) including a 30-litre dry bag, compact Therm-a-Rest-style sleeping pad, small, light sleeping bag, paddle, Nalgene water bottle, and that his clothes include a good two-piece rain suit, rubber-soled shoes which will air-dry quickly, quick dry pants and shorts and a long-sleeved fleece top.
